

WELCOMING CONGREGATION CERTIFICATION RENEWAL

OUUC received its Welcoming Congregation certification from the UUA in 1992. As many changes in society and our congregations have occurred over 25 years, the Unitarian Universalist Association recommends that we renew OUUC's certification. We will, in the next 12 months, include Welcoming Congregation awareness, education and action in all aspects of OUUC's ministry.

The Welcoming Congregation Renewal team requests that OUUC's members endorse the work of Faith in Action Ministry's Welcoming Congregation Renewal program as we live out OUUC's commitment to ensuring that lesbian, gay, bisexual, transgender, and queer people are full members of our faith community and that everyone's identity, background, and experiences are honored.
